HOW TO ADD A LABEL?

- Open a dealcard & select Add Label
- A drop-down menu of all of the current labels will appear
- You can add multiple labels to one deal card, or you can create new labels

Labels

Analyze where and when you win
& where and when you lose.

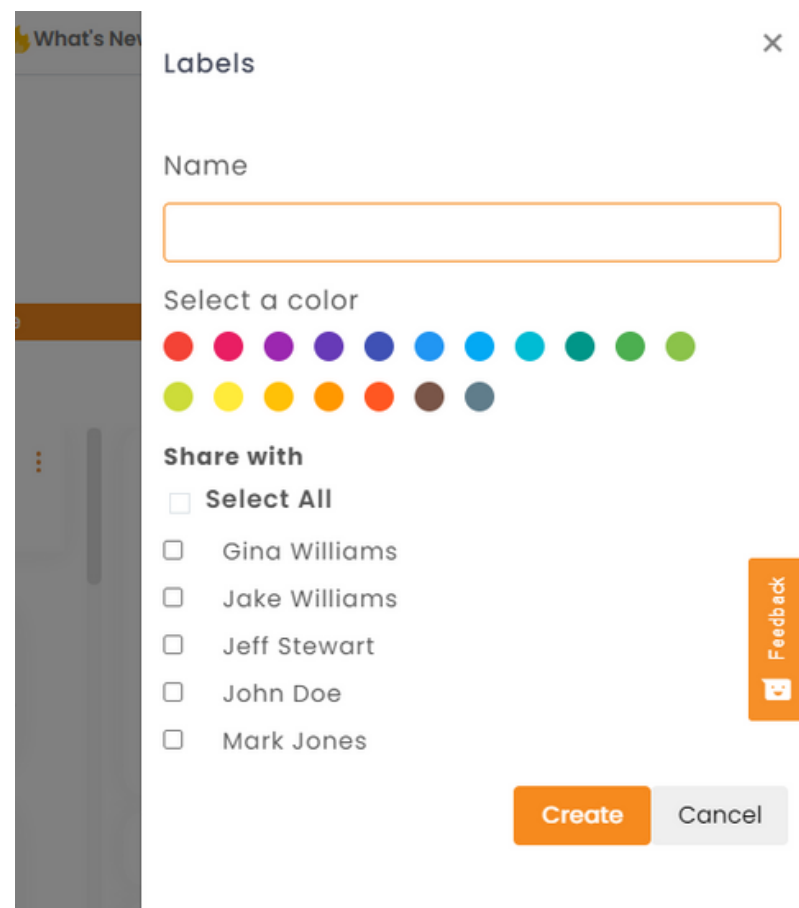

For example, you may want to create labels for your various referral channels in order to track which leads are most beneficial..

[Labels](#)*

Share Label

Sharing labels helps to easily track deals and enables maintaining regularity in the system.

The screenshot shows a 'Share Label' dialog box with the following elements:

- Labels** (header)
- Name** (text input field)
- Select a color** (a row of 16 colored circles for selection)
- Share with** (checkboxes for selecting users):
 - ☐ Select All
 - ☐ Gina Williams
 - ☐ Jake Williams
 - ☐ Jeff Stewart
 - ☐ John Doe
 - ☐ Mark Jones
- Create** (orange button)
- Cancel** (grey button)
- Feedback** (orange button with a speech bubble icon)

How to share a label in pipeline manager?

1. In the Pipeline Manager, expand the deal card you want to work on.
2. Click the Add label under Label field to the right.
3. Click create a new label or edit(pen) icon of the existing label.
4. Under Share With segment, mark the agent names to share labels or click select all.
5. Click Create or Update based on the option chosen in step 3.
